

**Closure of Kent Street and Car-park -availability of alternative parking (14<sup>th</sup>May 2019-31<sup>st</sup> October 2019)**

Ward and Burke Construction (W &B Ltd), on behalf of the OPW are carrying out flood defence works in the centre of Clonakilty in summer 2019.

As these works incorporate a significant amount of heavy civil engineering work, the western end of Kent Street car park is currently closed to the public to facilitate the construction of flood defence works along the river in the town centre. Kent Street and the remainder of the car park will be closed to the public from Tuesday 14<sup>th</sup> May 2019. Pedestrian access will be maintained.

During this phase of the works signage will direct traffic to the alternative parking available at Deasy's car park and the Showgrounds. The Showgrounds car park will be open from 7am to 7pm daily, and a free shuttle bus will be in operation serving the town centre every 20 minutes during these hours.

The public will be kept informed by regular updates on the project website at [www.clonakiltyfrs.ie](http://www.clonakiltyfrs.ie) .

The Office of Public Works appreciate the continued cooperation of all involved during the construction of the Flood Relief project in Clonakilty.
